INTRODUCTION

NMIMS has always thrived to define the new era as an amalgamation of Technology and Management. MBA Tech programme at STME has understood the current dynamics of business of the 21st century and linked it successfully to develop and help students link the technology know-how to management concepts which has benefitted them to perform efficiently and effectively.

This course has not only linked technology and management but is preparing students to head for the future through Innovation, Creativity and encouraging Entrepreneurship.

The MBA Tech is an integration of technology and management with the higher proportions of technological inputs in the initial stages and moving towards 'Technology Management' in the later stages of the course.

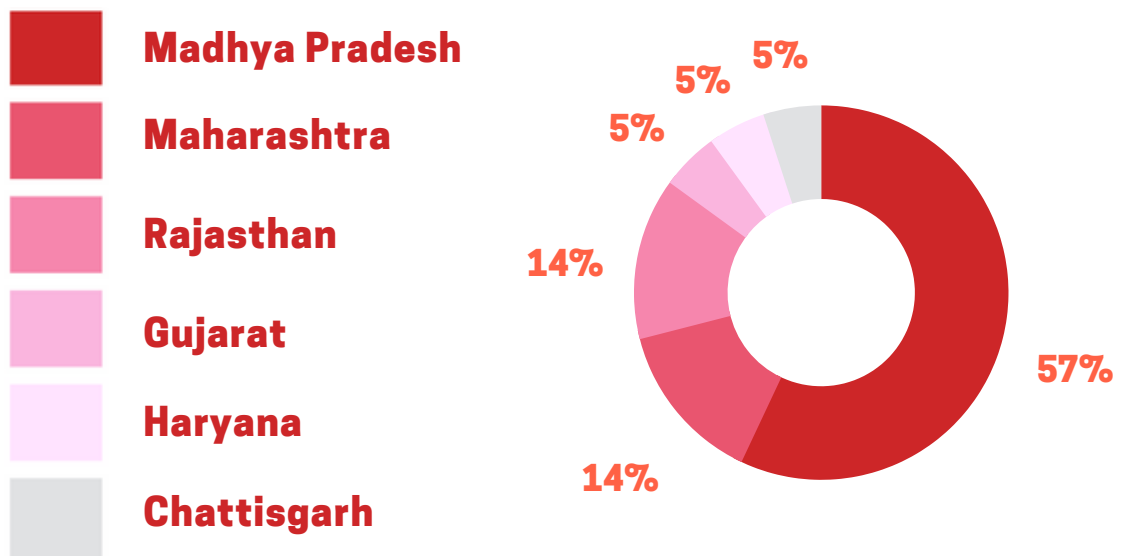

SVKM's NMIMS has a reputation of producing the brightest students. In line with this legacy, the faculty members of STME programme are characterized by high levels of learnedness and orientation towards research. They work hard to extract excellence from the students.
