

School of Technology Management & Engineering, Indore Campus
Event: Career Orientation Session on "NQT Mock Test" by TCS Indore

- **Date:** 9/12/2021

- **Schedule:** 11:30 AM to 1:00 PM

- **Student Coordinators:** Avisha Vijayvargiya, Dhruv Jain

- **Brief Report:** SVKM'S NMIMS School of Technology Management & Engineering, Indore, organized a session by TCS briefing about NQT (National Qualifier Test) series for B.Tech. (CSBS) III year students at the institute premises on 9/12/2021. The major objective of the program was to make all the students aware about NQT exam series, its preparation, syllabus, and eligibility criteria.

The program was started smoothly with live interaction by the students. The expert began with introducing himself and TCS opportunities. The session focused on a general overview about NQT tests and its criteria. He introduced the syllabus of the test series which includes sections of verbal ability, reasoning ability, numerical ability, programming logic and coding.

The speaker explained us the importance and benefits of this examination which will help the students in their career placements. TCS will provide free NQT test to the students of NMIMS Indore. After passing the NQT exam series, students will get an opportunity to grab the Ninja package offered by the company. The organization provides students with appropriate study guide and resources for preparation of the tests. Expert also advised the students to consider the option of retaking the test after a reasonable duration of 6 months.

In the duration of 1.5 hours, the program was conducted satisfactorily & all the queries from students were answered. Throughout the session, the students actively participated and gained the insights of the series.
